

托尼机械-出口外贸发货现场

The main graphic features a blue background with a large white-bordered hexagon in the center. Inside the hexagon is a photograph of a blue CMA CGM shipping container being loaded onto a truck by several workers. To the left of the hexagon, there are two green, leafy human figures running. Above them are two yellow circular callouts: 'Environmental protection' with '科技环保' (Tech Environment Protection) and 'Original design' with '原创设计' (Original Design). At the bottom left are three certification logos: a blue circular 'Supplier Assurance' logo, a 'CE' mark, and a 'CCC' mark. At the bottom right is a yellow dollar sign icon followed by the text 'Trade Assurance'. In the top right corner, there is a red star with 'new' and the Chinese characters '韩国' (South Korea).
