

真空管集热器国际标准提案

真空管集热器国际标准提案 NWIP on evacuated solar collectors

•2009年9月29日，SAC向ISO/TC180提交了“真空管太阳能集热器设计、分类及检测”国际标准提案

On Sept. 29, 2009, SAC submitted a NWIP titled as “Solar energy-evacuated solar collectors-design, classification and test”

•标准中主要规定了真空管集热器相关的术语、分类、技术要求、测试方法、验收方法、名牌及包装、验收报告等内容。

The scope of the proposed project is “the standard specifies the vocabulary and definition, product classification and mark, requirements, test methods, inspection rules, labels, packing, transportation and test report of the evacuated solar collector” .

•ISO/TC180已通过该提案，并将成立相关工作组开展工作。

The NWIP was approved by ISO/TC180, and related WG will be established.
